

Service Above All.

**OUR FLY ASH HAS
AN ACTIVE INGREDIENT:
SERVICE.**

OUR FLY ASH SOURCING. YOUR BUSINESS ADVANTAGE.

MultiSource™ is Charah's unique distribution system of multiple sourcing locations across North America. Charah supplies both Class C and Class F fly ash from our MultiSource locations around the country – take a look below to see our sourcing locations. We have the dedicated staff, the equipment and the product availability to keep you supplied.

Our logistics support also includes our national network of barge, rail and truck service. We are known for excellent quality, safety and on-time delivery – all supported by a Charah sales and service team recognized for our unrelenting focus on customer service.

MULTISOURCE LOCATIONS.

As the country's largest privately-held ash management company, we currently have over 25 MultiSource locations serving the U.S., Mexico and Canada. This provides a real advantage and creates a continuous supply of fly ash. As part of our MultiSource advantage, we maintain close, always in-touch communications with our utility partners in order to optimize distribution to all of our concrete customers.

YOUR CONCRETE ADVANTAGES.

Concrete producers demand the quality and availability that Charah fly ash brings to every project, with all the advantages of added strength, durability, increased workability and improved finish product quality in both the hardened and plastic state.

YOUR CHARAH TEAM IS READY TO RESPOND.

Charah offers concrete producers a deeply talented, experienced, and dedicated fly ash team to assist with technical expertise. We stand ready to help you optimize your use of fly ash.

Just call on us at any time. We look forward to answering your questions and talking with you about how we always put service above all.
